

Innovation Hubs for Technology & Life Science

San Diego Symposium and Reception

Date and Time: November 12th, Monday, 2018

Symposium & Panel Discussion 2:00 pm - 5:30 (Registration 1:30); **Reception** 5:30 pm - 7:30

Venue: Nihonbashi Life Science Building (Conference room at 9th floor and 2nd floor)

Nihonbashi Hon-Cho 2-3-11, Chuo-Ku, Tokyo 103-0023

Join industry leaders from Tokyo and San Diego for a symposium presented by the University of California San Diego. Learn about next-generation advancements in areas such as robotics, data analytics, artificial intelligence, and autonomous vehicles. Find out how San Diego is fostering an innovation economy through research, collaboration and entrepreneurship.

San Diego is a leading U.S. hub for technology and life science innovation, and is seeking to increase our strong partnerships with Japan. Following the symposium, local industry professionals are invited to join a San Diego delegation of 45 business and academic leaders for a networking reception to learn about the ways research is being supported and commercialized around the world.

For more information and registration, please access the following web sites. Seats are limited.
