

SLDDDRS WEBINAR SERIES 2021-2023

Advanced BioScience Webinar for Drug, Device Development
NeuroScience Webinar
Keio University

September 30, 2022 5:00PM PDT
October 1, 2022 9:00AM JST

The 10th Keio-Stanford Webinar: Functional Genomics

Making faces: using functional genomics to understand stem cell function and gene regulation

Joanna Wysocka, PhD

Lorry Lokey Professor, Department of Chemical and Systems Biology, Stanford University School of Medicine
Professor, Department of Developmental Biology, Stanford University School of Medicine
HHMI Investigator

Long non-coding RNAs and genomic regulation

Piero Carninci, PhD

Team Leader, Laboratory for Transcriptome Technology, RIKEN Center for Integrative Medical Sciences (IMS)
Head of Genomics Research Centre, Functional Genomics, Human Technopole

Understanding and reconstructing small RNA mediated heterochromatin formation

Yuka Iwasaki, PhD

Associate Professor, Department of Molecular Biology, Keio University School of Medicine

Regulation of cell type specific gene expression by enhancer activity

Tsukasa Sanosaka, PhD

Instructor, Department of Physiology, Keio University School of Medicine

Moderator

Hideyuki Okano, MD, PhD
Professor & Chair, Physiology,
Keio University School of Medicine

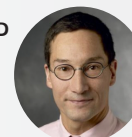

Head of International Advisory Board,
SLDDDRS Stanford

Toshihiko Nishimura, MD, PhD
Co-Director, SLDDDRS Stanford

Ronald G. Pearl, MD, PhD
Chairman, Anesthesiology
Chairman, SLDDDRS Stanford

Peter N. Kao, MD, PhD
Professor
Pulmonary and Critical Care Medicine
Stanford

Register in advance for this webinar:

https://keio-univ.zoom.us/webinar/register/WN_2ZtCzp1GSVuzEuDa5GX8YA

Stanford
MEDICINE

Department of Anesthesiology,
Perioperative & Pain Medicine
Stanford Laboratory for Drug/Device Development & Regulatory Science

Keio University
Okano Lab, SchMed
Yagami Data Security Lab
KGRI
