

SciSummit

Drug Discovery, Reimagined.

UNLOCK THE NEXT ERA OF DRUG DISCOVERY

Everyone in drug discovery is asking the same questions:
What's changing? What should I adopt? How can I stay ahead?

From AI to chemistry innovations, the landscape is shifting fast — and
SciSummit is where you'll hear what's next and how to prepare.

What to Expect:

Main Summit

September 9 | 10:30 AM–12:30 PM IST

Highlights

 Keynote Speech

 Panel on:
Trends in Drug Discovery
AI | Automation | Quantum | Organoids

Webinar Series

September 25, 2025
Smarter Molecules with AI &
Retrosynthesis

October 28, 2025
How Organoids Are Transforming
Drug Discovery

November 20, 2025
Peptides, Biologics & Small Molecule 2.0:
What's Next?
