APRIL 21, 2026 | 5:30 PM
HILTON TOKYO ODAIBA

Our team will share important insights into emerging trends and innovations in the bioconjugates sector. We'll also discuss effective strategies for successful bioconjugate development and manufacturing, highlighting the competitive advantages of partnering with a CDMO.

Ajinomoto Bio-Pharma Services will present its AJICAP® technology, a proprietary platform of next-generation, site-specific technologies designed for ADC development.

Further details on the event will be forthcoming, but in the meantime, mark your calendar now.

Seating at the event is limited, so if you'd like to confirm your attendance now, send an email to teppei.yamaguchi@piramal.com.
