

**BIO-PHARMA**  
SERVICES

## TECHNICAL SEMINAR

Join us for an exclusive event  
at CPHI Japan

APRIL 21, 2026 • HILTON TOKYO ODAIBA

WELCOME RECEPTION AT 5:30

SEMINAR BEGINS AT 6:00 PM

NETWORKING, COCKTAILS AND DINNER TO FOLLOW

Hear from distinguished speakers representing Piramal Pharma Solutions and Ajinomoto Bio-Pharma Services as they discuss critical developments in bioconjugates.

### Trends and Innovations in Bioconjugates: Leveraging CDMO Partnerships for Success

Presented By

**Conor Barry, Ph.D.**  
VP and Global Head  
of Biologics & Science  
Collective Member  
Piramal Pharma Solutions

Gain a comprehensive look at emerging innovations in the bioconjugates sector, discover practical strategies for successful bioconjugate development and manufacturing, and explore how partnering with an experienced CDMO can unlock new opportunities for your business.

### Expanding the Potential of Antibody Conjugates: AJICAP® Technology for Versatile DAR Control and Novel Modality Applications

Presented By

**Tomohiro Fujii, Ph.D.**  
Senior Researcher  
Ajinomoto Co., Inc.

Dive deep into AJICAP® – Ajinomoto's proprietary platform of next-generation, site-specific ADC technologies – and learn how pairing this innovative platform with Piramal's clinical and commercial manufacturing expertise accelerates ADC development, streamlines tech transfer, and simplifies scale-up.

A Q&A session will follow the presentations, offering attendees a chance to engage directly with the speakers. We encourage you to bring your questions.

Seating at the event is limited. RSVP to [teppey.yamaguchi@piramal.com](mailto:teppey.yamaguchi@piramal.com) to reserve your spot.
